

Ricoh Sponsorship

Learn more about Ricoh and our customers,
our expertise and how sponsorship connects
with our brand.

Moving Ideas Forward.

RICOH

Combined focus helps us all succeed

Moving Ideas Forward.

Connecting with sport – whether as a Platinum Partner of the ATP World Tour Tennis or as title sponsor of the Ricoh Women’s British Open – demonstrates Ricoh’s commitment to teamwork and our strength as a global and trusted player.

Success in business or sport demands engagement and support from the right people. Their combined focus drives the development of tools and techniques that help make performance more productive and profitable.

Ricoh’s best-in-class products and bespoke service free our customers to concentrate on the core objectives of building their businesses. It’s the same imperative that directs our sponsorship programme – providing the sports and athletes of today and tomorrow with the support to move their games forward.

In business as in sport, the key to continuous improvement is superior service. To find out how you could win with ours, visit www.ricoh-europe.com
